

Manager (m/w/x) in Management Consulting

Locations: Munich, Hamburg, London, Shanghai, Detroit

Your tasks

As a Manager at Strategy Engineers you will take on the different challenges a management-consultant faces in technology-driven industries. From day one, you are responsible for the implementation and leadership of a small team of younger consultants. You will contribute your existing expert knowledge and leadership skills. Within the scope of your project management role, you are supporting our customers in the development and implementation of strategic and operational solutions.

Besides leading a team of younger colleagues, you will aim to recognize the individual talents of each team member and to use and develop them further in the best possible way. As a mentor and coach you regularly give feedback. You will also be actively involved in the company's development and help to expand and share specific expertise within the company.

Your benefits

- » We actively give you the opportunity to take over the managing role of projects
- » You will take on the responsibility of presenting team results to our customers' decision-makers
- » We offer an individual mentoring program and a distinctive feedback culture to optimally promote and support your career
- » You benefit from our specific trainings to expand your skills
- » Entrepreneurship is very important to us, therefore you will be actively involved in the further development of our company and consulting services
- » Mobile working policy

Your profile

- » At least five years of relevant professional experience in management consulting of technology-driven industry
- » Experienced in leading a management consultancy project team
- » Excellent university degree from a renowned university
- » Fascination for technology and strategic questions going beyond the actual product itself
- » Strong entrepreneurial thinking and acting
- » Excellent analytical skills
- » Ability to work in a team and team leading, good communication skills, empathy, flexibility, enthusiasm and the willingness to take responsibility

Who we are

Strategy Engineers is a management consultancy specialized in transformation, digitization and product portfolios. Hereby, our focus is on technology-driven industries, with special emphasis on the automotive industry. We are convinced that our consulting approach is unique: Our management expertise and entrepreneurial competence, combined with technical understanding, sets us apart from other consultancies. It allows us to meet the challenges on eye-to-eye level with our clients. This enables us to develop tailor-made solutions that bring tangible and sustainable change. Strategy Engineers has been awarded the title „Best Consultant“ in Germany nine years in a row. The company was founded in 2011 and today has locations in Munich, Hamburg, London, Shanghai and Detroit.

What connects us

- » The ambition to shape the future
- » The fascination for technology and trends
- » The fun of working as a team and making a difference together
